### How can the NRC support my need for funding?

The NRC is a host agency to the Foundation Center online database with access to more than 98,000 funders and thousands of grants. This collection is an invaluable resource to nonprofits researching and seeking funding from foundations and corporations alike. The database is open to the public on an appointment basis, and we invite anyone affiliated with nonprofit agencies to use the system. Contact us to make a training appointment today.

Being a part of NRC has brought us new vision and goals along with the resources to get us there. The collaborative opportunities with other nonprofit agencies have brought unity as we strive to serve the community of Riverside.
